

1. As a resident of Lincoln, K-LOVE radio provides me national and international news, music that is uplifting and encouraging, and a Christian perspective on current events. K-LOVE also provides the community with the only locally broadcast Christian radio station.

2. If K-LOVE were replaced with an LPFM broadcaster, we would lose local access to those things I listed above in paragraph 1. Here in Lincoln, thousands of people listen to K-LOVE, and we would all lose the programming it provides. It would be a huge loss.

3. K-LOVE provides an evangelical, encouraging, non-judgmental, inclusive mode of programming. Its influence on the community through the music, news, commentary, access to Christian support (through its 800 number) is very positive. It makes Lincoln a better community by providing an alternative to the prevalent less positive programming on most radio stations. Not having K-LOVE would make Lincoln a less diverse community. We would seriously miss the view represented and the uplifting, encouraging music.

Please do not let Low Power FM displace the translator stations that make K-LOVE available in Lincoln. The public interest would not be served by such action.
